ABOUT US

WHO WE ARE

Nearly Safe Racing is more than just a team – we're a group of passionate builders, racers, and creators who thrive on taking unusual cars and pushing them to their limits. Each of us brings a unique style, and together we showcase the creativity and diversity of grassroots motorsports.

You'll find us at the local tracks as often as possible, and when we're not racing, we're busy with projects that connect people – like hosting car shows that bring the community together.

OUR VERSATILITY

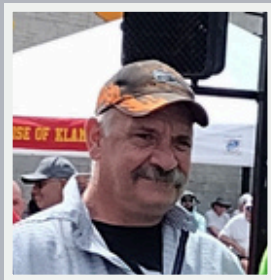

Our race cars are multi-purpose machines built to perform in multiple environments. From the streets to the drag strip, from sand drags to the dunes, we show the true range of what motorsport can be. This versatility not only demonstrates our love of the sport but also creates opportunities for sponsor brands to be seen in diverse, exciting spaces year-round.

SPONSORSHIP PROPOSAL 2026

THANK YOU!

We want to sincerely thank you for considering a partnership with Nearly Safe Racing. We recognize the time, effort, and investment that go into building your brand, and our goal is to showcase that value every time we hit the track or engage with the community. With your support, we can create a partnership that amplifies your brand's visibility, strengthens community connections, and delivers long-term impact on and off the track. We would be honored to represent your name with pride in the seasons ahead.
